

TP PRECISION CO.,LTD

A SINCERE MESSAGE FROM OUR CEO

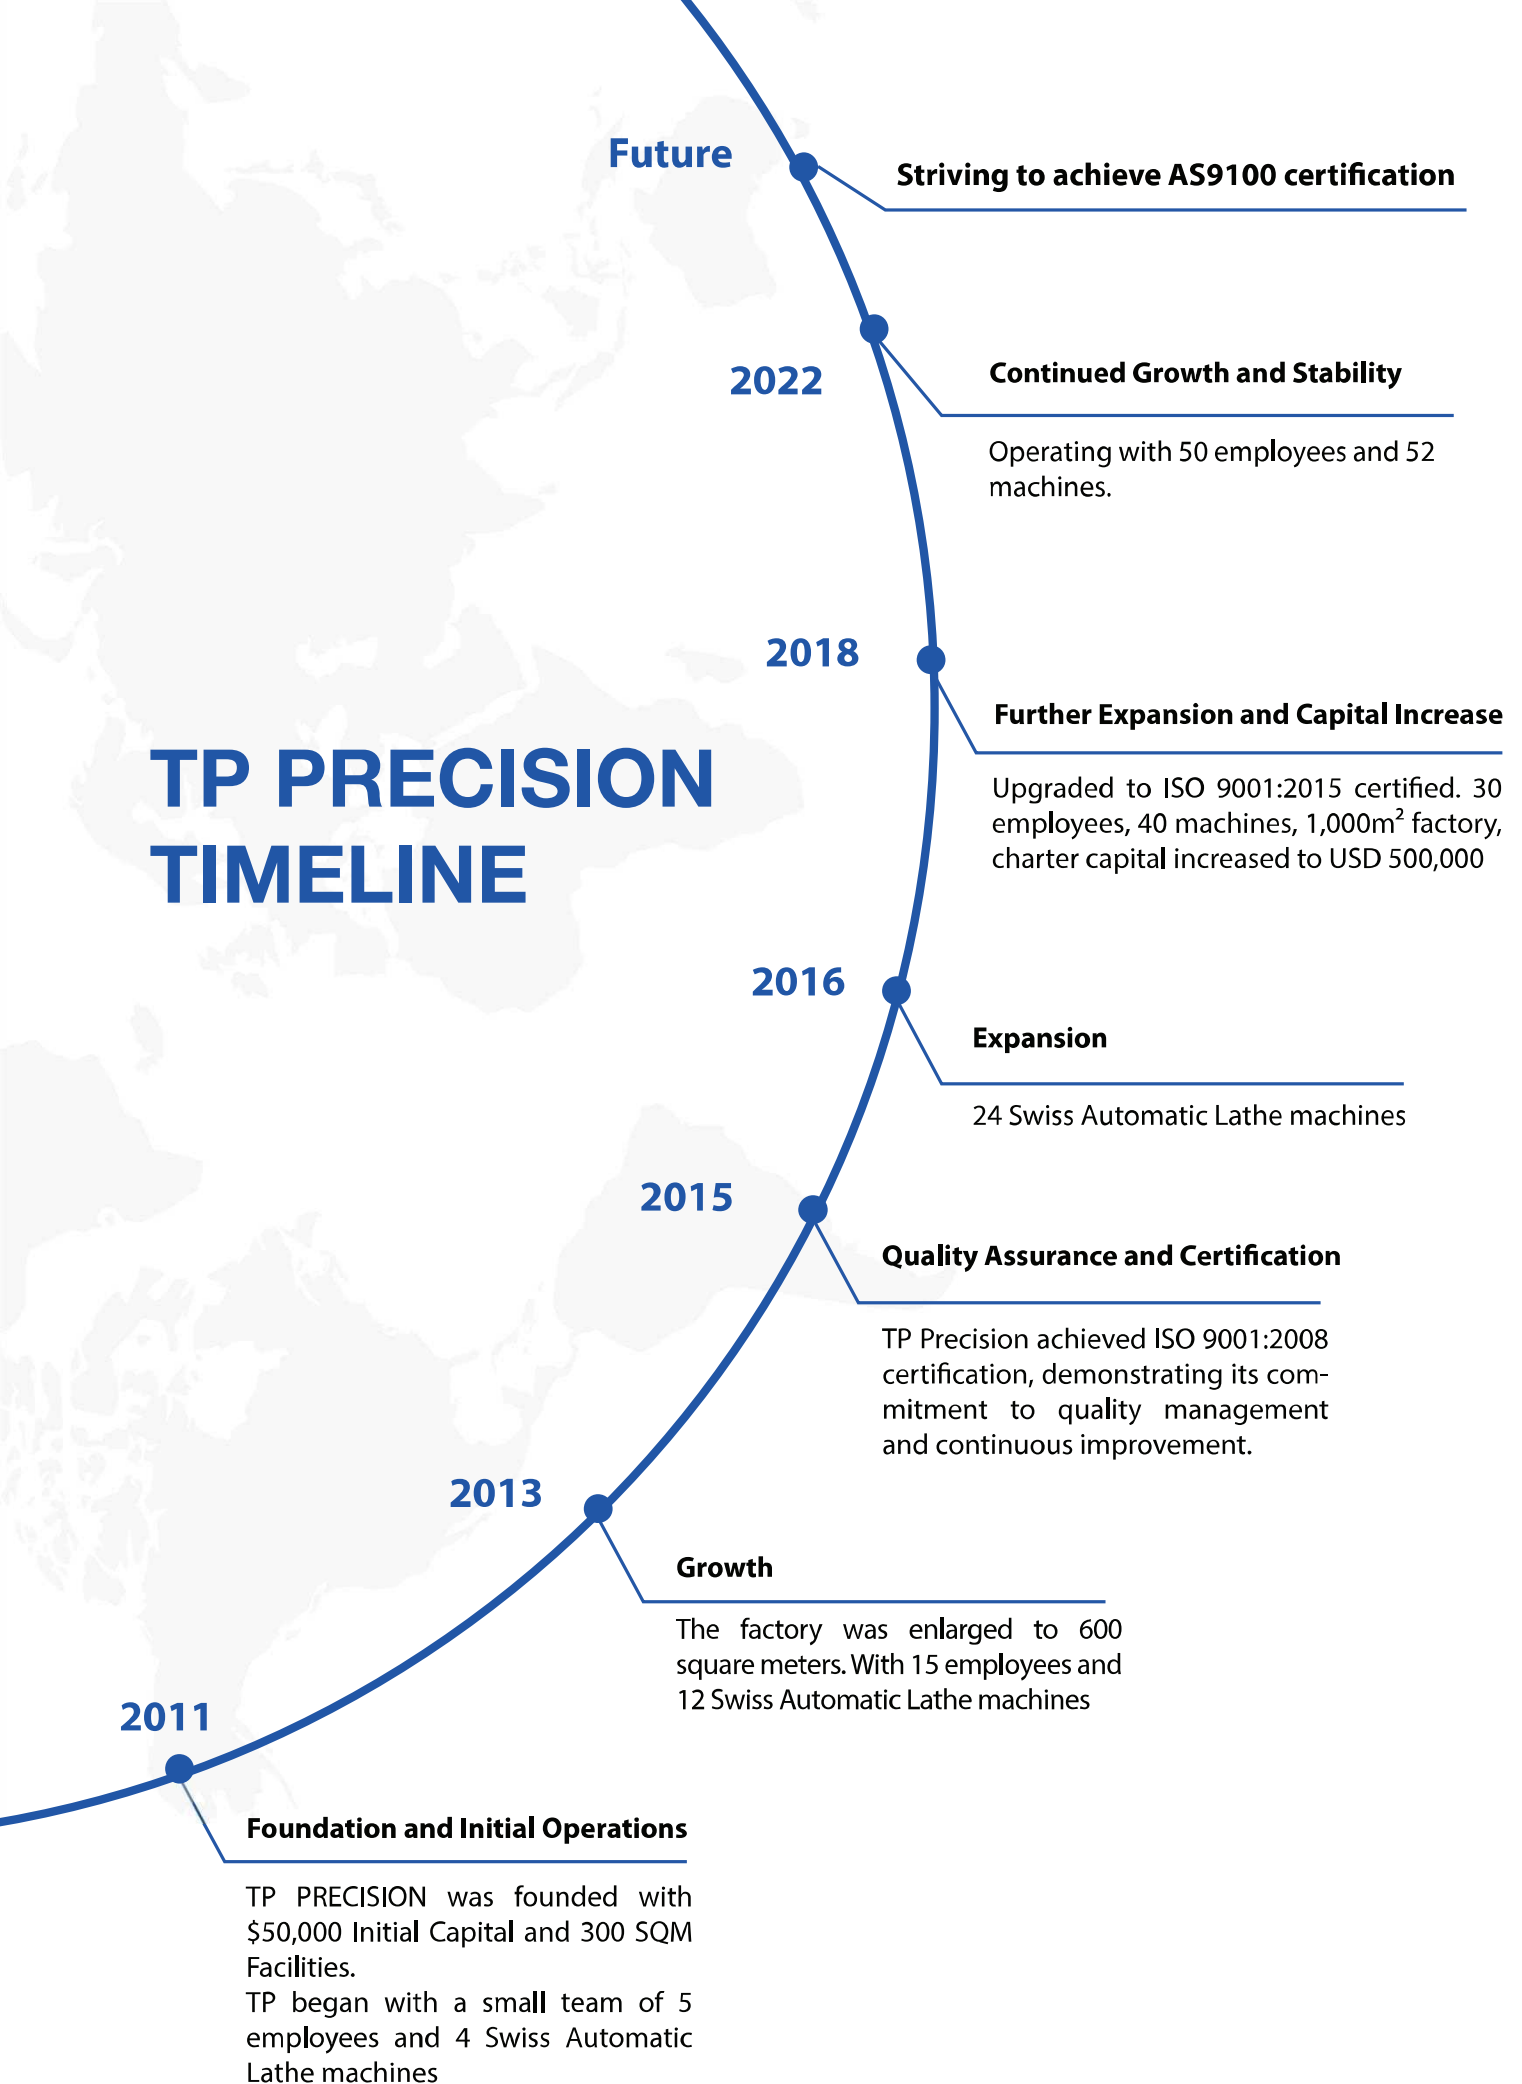

TP Precision was established in June 2011 with the mission of contributing to the development of the supporting industry in Vietnam. We specialize in manufacturing and machining mechanical components with diameters ranging from 0.5 to 32mm using Swiss - type automatic lathes, delivering products that are small in size but highly precise, meeting the increasingly stringent demands of the market.

We take pride in the achievements we have made in producing components with exceptional precision, playing a vital role in the success of various industries. However, we do not stop there. TP Precision continuously strives to improve our production processes and enhance technical expertise to adapt to the rapid changes in the market and customer needs.

With a commitment to quality and reliability, we hope to continue earning the trust and partnership of our valued customers and partners on our journey of further development. We sincerely thank you for your continued support and collaboration with TP Precision. Come to **TP** you will get **Thriving** and **Prosperity**...

President and CEO
Mr. HUA HUU THINH

TP PRECISION TIMELINE

WHO WE ARE?

Founded in 2011, TP PRECISION Co., Ltd. is a manufacturing company specialized in making high precision machined components by Swiss type Automatic lathes and CNC Swiss type lathes originated from Switzerland and Japan. Our machines are operated by 10 years experienced technical and qualified team that assured each of our products is built to the highest quality with competitive price and On – time delivery.

We can make small diameter parts (from 0.5 - 32mm) attained high precise tolerance (± 0.01 mm for Swiss Automatic Lathes and ± 0.005 mm for CNC machines) with quality from 100 to millions from many types of materials: Brass, Alumium, Steel, Stainless Steel, Titan, POM...

WHY CHOOSE TP PRECISION?

Top Quality: We always put product quality first, committed to meeting international standards and customer technical requirements.

Modern Technology: Invest heavily in advanced machinery and technology systems, helping to improve production efficiency and product accuracy.

Professional Team: A team of experienced engineers and technicians, always ready to support and advise customers.

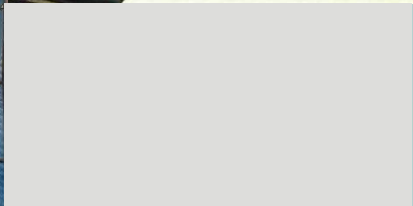

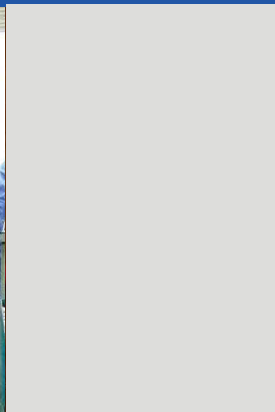

Excellent Customer Service: We always listen and respond to all customer needs quickly and effectively.

TP Precision Mechanical Co., Ltd. constantly strives to provide customers with the best mechanical processing solutions, contributing to the success and sustainable development of the business. Please contact us for advice and to experience professional, classy service from TP Precision.

OUR TEAM

With a team of over 10 years of experience, we are committed to ensuring that our products are manufactured to the highest quality standards, offered at competitive prices, and delivered on time. Our skilled and dedicated workforce is the foundation of our ability to consistently meet and exceed customer expectations."

FACILITIES

STAR SB-16 CNC Swiss Type lathe machine	1	TSUGAMI FA-65 CNC Turning Centers	10
STAR RNC-16 CNC Swiss Type lathe machine	2	BECHLER Swiss Type Automatic Screw Machine	25
STAR VNC-32 CNC Swiss Type lathe machine	1	TORNOS Swiss Type Automatic Screw Machine	5
STAR VNC-20 CNC Swiss Type lathe machine	1	NOMURA Swiss Type Automatic Screw Machine	3
CITIZEN CINCOM L32 CNC Swiss Type lathe machine	1	MIYANO Automatic Lathe	2

INSPECTION EQUIPMENT

Mitutoyo Profile Projector PJ-300
Mitutoyo Microscope tool's maker TM
Mitutoyo Surftest (Roughness surface) SJ-201
Mitutoyo digimatic Micrometer
Mitutoyo digimatic Caliper
Mitutoyo digimatic Indicator
Thread Plug Gauge, Thread Ring Gauge, Gauges Block, Pin gauge, Ring Gauge.

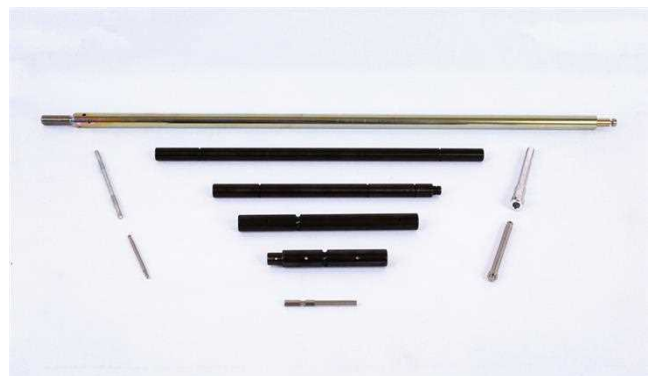

PRODUCTS

Our Products are used in many high tech sectors, including Medical equipments, Automobiles, Motorcycles, Electronics, Telecommunications, Optical equipments, micro-mechanics, Household equipments,... and other industries.
